### General Requirements

*The Critical Indicator is the minimum grade indicated in specific courses to demonstrate proficiency and progress in major. Earning less than the minimum grade is a trigger for a conversation with the academic advisor.*

**GENERAL UNIVERSITY REQUIREMENTS**

This document only lists SELECTED requirements. See your Panther Degree Audit for a full list of College of Engineering and major requirements at http://my.fiu.edu or see your academic advisor.

(1) Transfer students are assumed to have completed an Associates of Arts Degree from a Florida Public Institution or completed 60 credits and the University Core Curriculum Requirements. Those not meeting the above criteria will be required to meet the University’s University Core Curriculum (UCC) requirements. In
addition, the following courses are required of incoming transfer students:

(2) Global Learning Requirement for Transfers: Transfers entering FIU Fall 2011 or later are required to take two Global Learning courses.

Those transfer students who meet UCC requirements prior to entering FIU (e.g. those with an AA from a Florida public institution) must take:

-2 Global Learning Courses, at least one of which must be a Discipline-Specific course. See advisor for list of approved Discipline-Specific courses within the major.

Those transfer students who do not meet UCC requirements prior to entering FIU must take:

-1 Global Learning Foundations (University Core Curriculum) Course
-1 Global Learning Discipline-Specific Course. See advisor for list of approved Discipline-Specific courses within the major.

Transfer courses may not be used to meet this FIU requirement. All Global Learning courses must be taken at FIU. For a list of Global learning courses: http://goglobal.fiu.edu

(3) Foreign Language Requirement for Graduation: Any student who did not complete two years of the same foreign language in high school or at a post-secondary institution must either place out of this requirement with an appropriate score on the CLEP exam, or must successfully complete 8-10 credit hours of instruction in one foreign language prior to graduation.

(4) College of Engineering/ECE Department: Selected Requirements

Grades: Students must earn a minimum grade of "C" in all math, physics, and chemistry. Students must earn a minimum of a "C-" in all major courses and maintain a minimum of a 2.0 cumulative GPA. Note: EEL 4920 & EEL 4921C are taken during the student's last two semesters. EEL 4921C must be registered the semester right after taking EEL 4920, excluding Summer terms.

For specific grade requirements, pre requisites, and course offerings please consult your academic advisor.
